WHO WE ARE

WA ICON SOLUTION is a group of professionals in construction trade; providing ceiling and walls, tiling, flooring, painting, landscaping and builder's cleaning. We coordinate our trades with the most optimised schedule to deliver the best quality service within a competitive range of budget for our clients; both residential and commercial.

We highly pride on our quality service and the wide spectrum of experience gained over the past 15 years of operating. We have successfully completed projects of diverse scale and style with highly regarded builders & developers.

We are ever-restructuring our company in steps with the rapidly changing construction market to respond and adapt simultaneously.

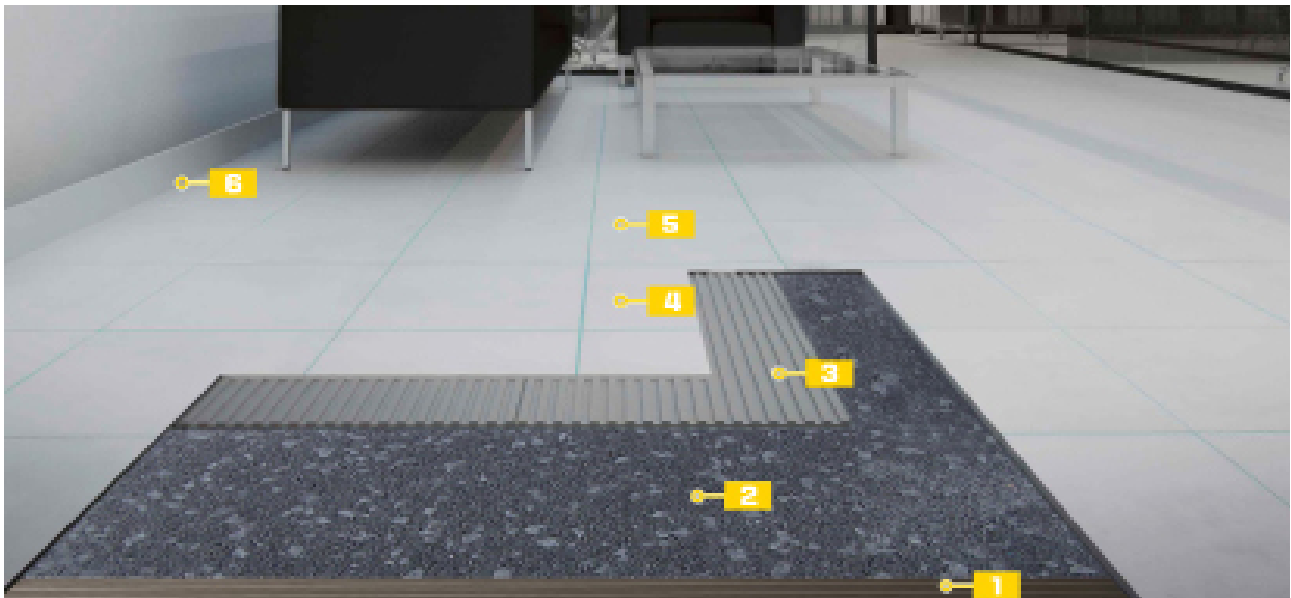

Understanding that each market has its own unique requirements with the corresponding skill set, we aim to ensure our deliverables not only meet but go beyond fulfilling the needs of all our clients in budget, timeframe and quality, through continuous market research and reformation of the company.

Services we provide for commercial & residential clients

- Tile Supply (selecting tiles if required)
- we work with forwarding company to ensure that we provide the best prices & materials
- Tile materials supply
- Site Preparation (tile layout, screeding, self-leveling, waterproofing)
- Laying tiles (laying, grouting, caulking, sealing, polishing)
- Consultancy (for apartments, offices, retail shops, industrial and other commercial projects)
- Reseal wet areas/renovation
- Commercial Buildings
- Industrial Buildings
- Office Buildings
- Accommodations/Strata
- Retailers
- Educational Institutes
- Entertainments
- Stadiums, Concert Halls
- Strip and Seal

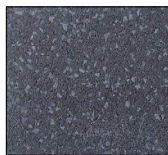

#1 USE OF MATERIALS

acoustic mat adhesive

1

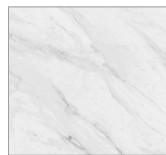

acoustic mat underlay

2

tile adhesive

3

tiles

4

grout

5

silicone

6

Premium Quality Tile Supply

We offer various range of tile designs that are of premium quality. New designs and styles are regularly updated. We pride ourselves on the quality of the tiles.

WHY WA ICON?

We are the direct manufacturer of tiles and timbers. We manufacture the materials from South Korea and we import them to Australia. Since we are the direct manufacturer, we can provide our materials at a lower price compared to other existing businesses.
